Types of Error

| Particulars | Error | % Deducted |
|---------------------|-----------------------|------------|
| Spelling Mistake | Each (Missing /Extra) | 0.6% |
| Word Mistake | Each (Missing /Extra) | 0.6% |
| Enter Mistake | Each (Missing /Extra) | 0.8% |
| Space Mistake | Each (Missing /Extra) | 0.3% |
| Punctuation Mistake | Each (Missing /Extra) | 0.3% |

Accuracy calculation: By adding % value of each error and subtract the total % value of error from 100% for calculation of accuracy. i.e. If you make one spelling mistake in image 5 and one word missing mistake in image 12, it means your total % value of error is 1.2% (0.6+0.6).
